

Cyriac Cyriac for Accommodation Officer

Proposer: Yanni Du

Seconded: Benedict McConnell

Policies

- Make ballot meetings **quicker and less painful**. Look into making the process of balloting **online** like in John's and Peterhouse.
- **Organise tours** of different hostels so that it is easier for people to find out what hostels are like before people make their decision in the ballot.
- **Push for communal spaces** hostels. There will be an experimental common room in Selwyn Gardens next year: if it's used, push for it to stay!
- Raise awareness on **how to use the Room Management System (RMS)**
- **Act as a representative** on behalf of students to push for matters regarding accommodation

Why me?

- Currently **live in Selwyn Gardens**, so am aware about the out of college experience
- **Friendly** and like talking with people and would always be up for a chat
- **Capable** of sending and reading emails and using Facebook
- Capable of using a **wide range of emotions**
- Have the **same name and surname**
